## POLICY SUMMARY

State of Missouri general obligation bond issues consistently have received the highest, "Triple A", ratings from Moody's Investors Service, Standard and Poor's Corporation, and Fitch IBCA Incorporated. Missouri is one of only eight states that has this rating from all three rating organizations. The other states are Minnesota, Georgia, Utah, Virginia, Maryland, Delaware, and South Carolina. General obligation bonds can only be issued through voter-approved amendments to the state constitution. Currently outstanding general obligation bonds are for the four purposes identified below.

**Water Pollution Control Bonds:** Water pollution control bond proceeds help local governments construct wastewater and stormwater control facilities and improve public drinking water systems. These infrastructure improvements support local economic development, protect Missouri waterways from pollution, and help ensure safe drinking water supplies. As of December 2002, Missouri has issued, excluding refunding issuances, a total of \$544.5 million of the \$725 million authorized in water pollution control bonds. The Governor recommends a \$33.1 million general revenue transfer to the water pollution control bond and interest fund, and \$28.5 million for principal and interest payments on water pollution control bonds currently outstanding. There will be no new water pollution control bond issuance in Fiscal Year 2004.

**Stormwater Control Bonds:** In November 1998, Missouri voters approved a separate stormwater control bond issue of \$200 million for stormwater control plans, studies, and projects. As of December 2002, Missouri has issued a total of \$45 million of the \$200 million authorized in stormwater control bonds. The Governor recommends a \$3.2 million general revenue transfer to the stormwater control bond and interest fund, and \$3.2 million for principal and interest payments on stormwater control bonds currently outstanding. There will be no stormwater control bond issuance in Fiscal Year 2004.

**Fourth State Building Bonds:** In August 1994, Missouri voters approved a fourth state building bond issue to provide essential prison capacity, new residential beds for juvenile offenders, and significant new higher education construction and renovation. The Governor recommends a \$17.5 million general revenue transfer to the fourth state building bond and interest fund, and \$17.6 million for principal and interest payments on fourth state building bonds currently outstanding. With the final \$50 million issuance on June 1, 1998, all \$250 million in fourth state building bonds authorized by Missouri voters was issued.

**Third State Building Bonds:** The Governor recommends a \$50.8 million general revenue transfer to the third state building bond interest and sinking fund, and \$33.4 million for principal and interest payments on third state building bonds currently outstanding. With the final \$75 million issuance on December 1, 1987, all \$600 million in third state building bonds authorized by Missouri voters in 1982 was issued.

## **PUBLIC DEBT**

### **ADMINISTRATION OF PUBLIC DEBT**

The Board of Fund Commissioners administers the bonded indebtedness of the state. The board is comprised of the following members pursuant to Section 33.300, RSMo: Governor, Lieutenant Governor, Attorney General, State Auditor, State Treasurer, and Commissioner of Administration. Administrative expenses are associated with the sale and processing of the state's general obligation bonds. The board directs the payment of principal and interest on state debt and processes the redemption and cancellation of state bonds. Each of the general obligation bonds issued by the State of Missouri is rated "Triple A" by Moody's Investors Service, Standard and Poor's Corporation, and Fitch IBCA Incorporated.

#### **Fiscal Year 2004 Governor's Recommendations**

- \$612 for pay plan.

### **ARBITRAGE REBATE COSTS**

The Board of Fund Commissioners is obligated to repay to the United States Treasury excess interest earnings on water pollution control bonds, stormwater control bonds, third state building bonds, and fourth state building bonds.

#### **Fiscal Year 2004 Governor's Recommendations**

Continue funding at the current level on an open-ended basis to accommodate possible additional costs.

### **ADVANCED REFUNDING OF BONDS**

The Board of Fund Commissioners authorized the advanced refunding in Fiscal Year 2003 of several outstanding series of water pollution control and third state building bonds. Due to this refunding, the state will realize a savings of \$48.4 million over the life of the bonds.

#### **Fiscal Year 2004 Governor's Recommendations**

Continue funding at the current level on an open-ended basis to accommodate possible additional costs.

### **FOURTH STATE BUILDING BONDS DEBT SERVICE**

Missouri voters approved \$250 million in fourth state building bonds under the provisions of Article III, Section 37, Missouri Constitution to be used for capital improvement projects at state facilities and higher education institutions. Bond sales were authorized by the General Assembly in Fiscal Year 1995, and bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$50 million on June 1, 1998, all \$250 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on fourth state building bonds now outstanding. The money is transferred from general revenue to the fourth state building bond and interest fund one year in advance of its appropriation.

#### **Fiscal Year 2004 Governor's Recommendations**

- \$17,453,370 for the transfer of general revenue for debt service on fourth state building bonds currently outstanding.

## PUBLIC DEBT

### THIRD STATE BUILDING BONDS DEBT SERVICE

Missouri voters approved \$600 million in third state building bonds to be used for capital improvement projects at state facilities and for specific types of local economic development projects under Article III, Section 37, Missouri Constitution. The General Assembly authorized issuance of \$75 million for Fiscal Year 1983, \$50 million for Fiscal Year 1984, \$75 million for Fiscal Year 1985, and \$400 million for Fiscal Year 1986. Bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$75 million on December 1, 1987, all \$600 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on third state building bonds now outstanding. The money is transferred from general revenue to the third state building bond interest and sinking fund one year in advance of its appropriation.

#### Fiscal Year 2004 Governor's Recommendations

- \$50,830,780 for the transfer of general revenue for debt service on third state building bonds currently outstanding.
